EVENTS THAT TRANSFORM

Technology that connects

Technology can transform an ordinary space into an extraordinary experience—whether it be hybrid, virtual or in-person. From essential sound and lighting to immersive visuals, our extensive suite of on-site and digital technology offerings maximize event experiences and connect participants across the globe. No matter the size or venue, you have the best tools available to ensure participants are captivated and sponsors are happy.

Hybrid+ and virtual

Getting people together in one room is not as easy as it once was. That's why we offer a full range of Hybrid+ and virtual solutions that allow events to be attended from anywhere. Virtual meeting content, on-demand viewing, and a custom microsite can help breathe new life into otherwise stale presentations.

Digital solutions

A successful event is one that engages every participant, not just a select few. Host hybrid and virtual events, connect your participants, manage presenter content, display rich dynamic signage, and so much more.

On-site

We are where you need us to be. Always on the cusp of what's next and the forefront of innovation, we have an extensive range of solutions from core audiovisual to specialty equipment, technology installation, and presenter support to engage participants in surprising and inventive ways.
